Project Report

GitHub URL

(insert URL here)

Abstract

(Short overview of the entire project and features)

Introduction

(Explain why you chose this project use case)

Dataset

(Provide a description of your dataset and source. Also justify why you chose this source)

Implementation Process

(Describe your entire process in detail)

Results

(Include the charts and describe them)

Insights

(Point out at least 5 insights in bullet points)

References

(Include any references if required)
